	HSC	89%
2018-2019	Migros KIDS Matriculation Hr Sec School	
	SSLC	82%

SKILLS

- **Programming Languages:** Python, C++, HTML, CSS, JavaScript, MySQL, Django
- **Web Development:** Full Stack Developing, Frontend Developer
- **Tools:** Visual Studio Code, Database
- **Soft Skills:** Communication, Teamwork, Creativity, Adaptability

INTERSHIPS

- Attended 20-day internship on “Basics of Python and Data Science” at Gateway Software Solutions.
- Attended 1 month internship on “Web Development” at Nitroware Technologies.

- Completed the “Full Stack Development” course at Kongu Institute of Computer education.
-

PROJECTS

Automatic traffic light controller using Arduino

This project uses an Arduino microcontroller to automatically sequence traffic lights based on programmed timing intervals, ensuring efficient traffic management.

Smart Parking System using IOT

The smart parking system uses IoT sensors to detect vehicle presence and transmit real-time parking availability to a mobile app, guiding drivers to available spots efficiently.

CERTIFICATIONS

- Certified for Data Science using Python
 - Fundamentals of IOT in Krish Tech
 - India Quiz 2022 Participation
 - Intra departmental Technical Participant
 - Certified National Level Technical Symposium
-

AREA OF INTEREST
